**....A Few things to keep in mind:**

- **PREFERRED FILES** to email us:  
.Eps or .Ai Vector Files
- Please send .eps or .ai if at all possible-  
this minimizes set up time and reproduces  
clearly! These can be obtained from a  
tshirt printer you may have used to reproduce  
logo on shirts.
- Other files that may reproduce clearly:  
also recommended: .pdf, .png, .psd
- Team Orders Only (10+ pcs.)
- We cannot design a logo at no charge.  
Please see our Logo Design category for  
more info.
- A Set-Up fee may apply to get your file  
print-ready if .eps or .ai files are not submitted.

***Email us your logo for a quote:***

allsportdesigns\_com@yahoo.com  
or Stephanie@allsportdesigns.com

- In Subject Line please specify: Custom Logo Quote

**Please make sure you have permission to reproduce a school or team logo before contacting us. Thank you!**

...we can take a look at any .jpg you may have if it is the only type of file you can email us.  
If it will not reproduce clearly, we can probably still work with it, but a set up fee may apply.

Note: Designs on this page have been ordered from others in the past. Custom logos sent to us with the correct files (.eps or .ai) have been priced at our reg. website prices in many instances. If set-up is required, the cost averages \$1-\$2 more ea. than our website prices.
